Classified Dispisy Do You Take Proper Care of Your Floors

and Floor Coverings?

Proper care of a finished

floor is economy.

Many times finishes applied at considerable outlay have been spoiled by neglect or because wrong cleaning materials were used on them. Floor coverings when well chosen and properly laid are

one of the most attractive

furnishings of a home.
Rugs and carpets should be cleaned frequently and thoroughly. Dirt that is allowed to remain wears the libers and becomes increasingly hard to remove. This Bureau has for distribution a free Government publication giving informa-tion regarding the character and qualities of different sorts of floors and floor cov-

erings with reference to their 'sultability, durability, economy, and care. It will secure a copy for any reader who fills out and mails the coupon below, enfor return postage. Write your name and ad-

dress clearly.
